11 vs.) FINDINGS OF FACT AND
12 TROY L. TAYLOR,) CONCLUSIONS REGARDING
13 Defendant.) ALLEGED VIOLATION OF
PRETRIAL RELEASE
14

15 The Pretrial Services Office and the United States have presented information indicating
16 that defendant has violated the conditions of release. Specifically, the defendant is alleged to have
17 possessed marijuana, committed the crime of assault, and consumed alcohol. At a hearing on June
18 20, 2005, defendant admitted that he consumed alcohol. The court therefore FINDS:

19 1. By clear and convincing evidence, that defendant has violated the conditions of
20 release by consuming alcohol;

21 2. The defendant has a prescription for Marinol, which Pretrial Services indicates is
22 a legal alternative to marijuana, but which results in a positive finding for marijuana within the
23 drug testing system currently being utilized. The defendant was admonished that he is prohibited
24 from consuming or possessing marijuana, and that such future use or possession, if proven by a
25 preponderance of the evidence, may result in his bond being revoked.

26 3. The underlying assault charge which is the basis for the allegation that defendant

01 violated pretrial release by committing the crime of assault, is still pending in state court. This
02 alleged violation will be withdrawn subject to re-filing at a later time.

03 It is therefore ORDERED, that defendant's release on the previously entered appearance
04 bond will be continued.
